DONALD C. GLOVER TREE & LAND SERVICES LLC

GOVERNMENT & COMMERCIAL CAPABILITY STATEMENT | Veteran-Owned Business

Fayetteville, North Carolina	(910) 229-9087
donaldglover.tree@gmail.com	www.glovertreeandland.com

Company Overview

Donald C. Glover Tree & Land Services LLC is a veteran-owned business offering tree, land, lawn care, vegetation management, and property maintenance services in Fayetteville, North Carolina, and surrounding communities. We serve residential, commercial, and public-sector customers with an emphasis on dependable communication, responsible planning, safety-minded operations, and customer satisfaction. Project acceptance depends on site conditions, scope, qualified personnel, insurance, and equipment availability.

Core Service Capabilities

Lawn & Grounds Maintenance Lawn mowing, edging, trimming, blowing, seasonal grounds upkeep.	Vegetation & Property Management Brush clearing, overgrowth reduction, outdoor property cleanup.
Tree & Land Services Tree removal, trimming and pruning, stump grinding, land clearing—subject to project assessment and resources.	Storm & Debris Cleanup Fallen limb and storm debris cleanup, hauling and disposal coordination—subject to safe access and scope.

Veteran-Owned Leadership & Differentiators

Founded on more than 30 years of military service and senior-level logistics and operational leadership, the company applies disciplined planning, resource accountability, equipment coordination, scheduling, and clear communication to customer projects. Military leadership experience is not represented as prior company tree-care or government-contract performance.

Our approach: written scope alignment; transparent communication; realistic scheduling; site-specific risk review; responsible equipment use; and follow-through on agreed deliverables.

Confirmed Equipment & Operational Resources

2026 John Deere Z530R Z-Track zero-turn mower (54-inch deck) • 6 × 12 utility trailer • STIHL BR 350 backpack blower • STIHL FS 56 R trimmer. Additional or specialized equipment is arranged or verified as needed before work is accepted; ownership of other equipment is not implied.

Government & Commercial Contracting Interests

We welcome inquiries from federal, state, and local government agencies; prime contractors; businesses; and commercial property managers. Potential opportunities include recurring grounds maintenance, vegetation management, property cleanup, selected tree and land projects, and storm-related debris services. Each opportunity is reviewed for scope, capability, schedule, staffing, and compliance requirements.

Safety, Quality & Project Controls

Our planning process emphasizes initial site assessment, identification of access and equipment considerations, documented scope expectations, communication with the customer, and a final review of completed work. Specialized services—including elevated tree work, stump grinding, large-scale land clearing, grading, and heavy debris handling—are undertaken only when appropriate qualified resources, equipment, insurance, and safe work methods are available. No arborist certification or specific bonding or insurance limits are claimed in this statement.

Service Area & Customer Engagement

Primary service area: Fayetteville and Cumberland County, North Carolina. Surrounding communities are evaluated according to travel distance, site access, project scope, and operational availability. Customers can request a free estimate or submit a contracting inquiry through our website.
